

SAND PRO DL9648

(Self-Contained Sanding Station)

3-part rubberized top for individual replacement.

Comes with felt lined platforms, squared stop, and 1 stainless steel hanger for 5" or 6" air orbital sander.

Duplex 110V receptacles on all four corners.

Includes motor starter.

*2-32" x 10" Shelves.
2-24" x 18" Storage Drawers*

Dual 1-1/2 HP motors with 15" steel backward inclined blowers

Forklift accessible from both ends.

The DL9648 is a dedicated 8' by 4' sanding station that doubles as a workbench. It features 4-duplex recepts, a grid system top, 2-10" x 32" shelves, 2-18" x 24" storage drawers, has easy filtering service, is forklift accessible from both ends, and uses (2) TEFC 1-1/2 HP motors. The SAND PRO DL9648 is perfect for sanding large pieces such as house doors or as a multi-person sanding station.
